# FAMILY LIFE CENTER

How do I increase church attendance?

How do I better influence strong Christian Lifestyles?

How do I build more spiritual awareness among the youth?

How do I bring in those who have turned away?

The answer to these questions are clear; REACH OUT and get involved with your community! Whether your church is large or small, the key to growth falls within your persistence in reaching out. It has been proven that people will come if they are invited and feel welcomed. So, invite them... show them that you care, reach out and provide them with assistance to ease their struggles. Invite them in for free workshops or training and help those in need with counseling, family assistance, job placement, work skills, health issues and more.

ChurchNet USA, specializes in assisting churches with the planning and implementation of outreach programs. Our services include articles of incorporation, nonprofit bylaws, 501c3 tax exemption, funding solutions such as: fundraising ideas and faith-based grants, corporate sponsorships and more. Some of our top outreach programs that are easy to implement with little experience, equipment or resources include:

- Healthy Living / Weight Control
- Entrepreneurial & Job Search Workshops
- Youth Sports & After School Programs
- Food Pantry / Clothing Closet
- English or Computer Classes

# WHERE DO I START?

ChurchNet USA is ready to help you with a wide variety of resources to help put these programs into place. Some of the things we can help your organization with are:

- Helping your Church obtain a 501c3 Determination from the IRS
- Creating a new 501c3 Organization for your new Outreach Ministry
- Research and Prepare Grant Proposals to seek funding for your Ministries
- Help prepare some Marketing Collateral to let the Community know about your new Ministry
- Put together a Logo, a Flyer, and a Brochure to help you spread the word
- Help you develop a strategic plan for the ministry and/or the Church
- Provide a Training Workshop on how to develop the Family Life Center
- Provide additional consultation and research to help your organization continue to grow

# RAISING FUNDS

Finding the way to fund new programs is always one of the toughest challenges facing any organization. We here at ChurchNet USA understand that and want to help with that too. As a bonus, we will include several FREE fundraising tools to help you find ways to fund the development of these programs.

Our flagship fundraising strategy is our 10x10 Program. It's goal is to raise \$10,000 in 10 weeks. We provide you with easy to follow steps, flyers and suggestions all for these events. Each event builds upon the last, with an end goal of raising \$10,000. One of these events includes a Small Business Sponsorship Drive.

This program provides you with three easy donation requests. Providing the small business owner different ways to help, even if his budget is tight, helps to minimize rejection and ensure participation from almost every Small Business you contact. Additionally, the small business owner receives a tangible benefit from supporting your organization such as, a discount coupon for services, free publicity and recognition as well as a tax write-off.

# KEY BENEFITS

*Mark 10:45 "For even the Son of man did not come to be served, but to serve"*

There are many benefits to starting a Family Life Center at your Church. You will have the opportunity to:

- Help people in the Community
- Increase Church Attendance
- Receive Local Community Support
- Qualify for Faith Based Grants
- Plant the seeds of Hope by serving others and spreading Christian love.

The world we live in today needs good people doing good things. There are opportunities everywhere to reach out and help those in need. The programs described here will benefit your organization, but more importantly they will build the community around you, and help us make the society we live in a better place.
